

Society Openness

Proceeding from the college's goals of openness to society and within the continuing education programs for the academic year 2020/2021, Shatt Al-Arab University College implemented many activities aimed at building the capabilities of members of state departments and the private sector in Basra Governorate in the following topics:

- 1 - Governance and good management in the administration of institutions.
- 2- Using information technology to follow up the progress of projects.
- 3- The English language.
