Republic of Iraq

Ministry of Higher Education and Scientific Research Supervision and Scientific Evaluation Apparatus

University: Shatt Al-Arab College: Engineering

Department: Civil Engineering

Stage: 3rd stage

Lecturer name: Khalid A. Subber Academic title: Assistant Lecturer

Course Weekly Outline

| Name | Khalid Abdul Jabbar. Subber | | | |
|--------------------|--|------------------------|---------------|------------|
| E-mail address | khalid_subber@sa-uc.edu.iq | | | |
| Course name | Engineering mathematics | | | |
| Course objective | The course aims to learn differential equations and methods of solving them | | | |
| Course description | Gain complete knowledge of modeling differential equations and how to solve them and their physical and engineering applications | | | |
| References | ERWIN KREYSZIG, ADVANCED ENGINEERING | | | |
| External sources | MATHEMATICS, NINTH EDITION, JOHN WILEY & SONS, INC., 2006 | | | |
| Course assessment | Lab. | Quizzes and assessment | Mid-term exam | Final exam |
| | | 20 | 20 | 60 |
| General notes | | | | |

Supervision and Scientific
Evaluation Apparatus

University: Shatt Al-Arab College: Engineering

Department: Civil Engineering

Stage: 3rd stage

Lecturer name: Khalid A. Subber Academic title: Assistant Lecturer

Course Weekly Outline

| Week No. | Theoretical | Experimental | Aims |
|----------|----------------------------------|--------------|--|
| 1 | The types and classifications of | | Understanding and |
| | differential equations | | comprehending |
| 2 | Ordinary differential equations | | differential equations, |
| | and types of solutions | | their solutions, and |
| 3 | DE with separable variables and | | , |
| | homogeneous equations | | engineering and physical applications. |
| 4 | Exact differential equations | | |
| 5 | Linear and Bernoulli DEs | | |
| 6 | Various applications | | |
| 7 | Various applications | | |
| 8 | Homogeneous DE with | | |
| | constant coefficients | | |
| 9 | Non-homogeneous DE with | | |
| | constant coefficients | | |
| 10 | HDEs with variable coefficients | | |
| 11 | Various applications | | |
| 12 | Various applications | | |
| 13 | Fourier series | | |
| 14 | The types and solutions of | | |
| | partial differential equations | | |
| 15 | Applications of PDE | | |
